

**Terms and conditions**

All computers having Internet access must be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this Agreement will result in revocation of access privileges.

1. **Acceptable use:** The use of your Internet account must be consistent with the educational objectives of the Miami-Yoder JT-60 School District. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to:
  - a. copyright material
  - b. threatening or obscene material

2. **Privilege:** The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator(s) will deem what is inappropriate use and that decision is final. The system administrator(s) may close an account at any time, as required. The administration, faculty, and staff may request the system administrator to deny, revoke or suspend specific user accounts.
3. **No warranty:** The Miami-Yoder JT-60 School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The Miami-Yoder JT-60 School District specifically denies any responsibility for the accuracy or quality of information obtained through this service.
4. **Security:** Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a system administrator. Do not demonstrate the problem to other users. Do not use another individual's account without written permission from that individual. Attempts to log on the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk, or as having a history of problems with other computer systems, may be denied access to the Internet.
5. **Vandalism:** Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any agencies or other networks that are connected to the Internet. This includes, but is not limited to, the uploading or creation of computer viruses.
