3.00 Work Session

3.01 Teacher Evaluation

- Mr. Barnes wanted to show the board what Mrs. Harley and he are working on. We are using Marzano. There is a resource library that the teachers can use and see. The videos are set to the standards set by CDE.
- The teacher will pick elements that they want to improve on. The Principal's will see what the teachers want to improve on.
- The Principal can click on the scale and the teacher will see what they need to work on
- All the work that the Principal's do in the classroom, save the information, send an email to the teacher telling them they had an evaluation and what they need to work on.
- On the 29th of August, the teachers will sit down and do a self-evaluation on the PD day.
- I don't look at all 41 elements. I usually pick 3 or 4 that the teachers want to improve on. I go into the classroom looking to see improvement on those elements or I give them ideas on how to improve in those areas.
- Ms. Sisneros; when you back for the second time to the classroom, do you look for the same elements or different elements? Mr. Barnes; I am looking for their goal elements. I will always be looking for goal number one.

3.02 CTE Stipends

- We want to office the stipends to the other teachers. We put language in about if the money is available. We put the wording in about what they have to do to reach the higher level. There are Skills USA competitions that both art and music can do to reach the higher level.

3.03 Board Calendar

- The board should see the calendar before I post it on the website. All dates are the second Thursday of the month.

3.04 Consolidated Application (Title)

- The Title funds are down about 5% due to the census. Every year they adjust the title funding, it depend on the population and poverty levels.
- We use the funds for afterschool programs grade 3 through 8 for tutoring and summer school.
